
LEGEND

"Horizon" hosting lead and zinc mineralization

005740

CPaub — Highly sheared and brecciated serpentinite and serpentinized dunite

cTRcs — Carboniferous–Triassic calc–silicate schist

cTRs — Carboniferous–Triassic calcareous, carbonaceous phyllite and marble

Upper Devonian–Mississippian

uDMs — Carbonaceous shale locally slightly calcareous

Mississippian

Mva — Felsic to intermediate composition tuff and lapilli tuff – locally pyritic

My — Trachyte stock

Mps — Garnetiferous pelitic schist

Mbs — Massive pyritic sulphides or sulphide-bonded phyllite – locally baritic

SDA — Silurian–Devonian Askin Group dolostone, quartzite, limestone

ЄOK — Cambrian–Ordovician Kechika Group argillaceous, nodular limestone and calc–silicate
