

MEMORANDUM

TO: M. O. Hampton  
FROM: D. S. Jennings  
DATE: January 24, 1972  
SUBJECT: DECEMBER 28, 1971 DEVELOPMENT DRILLING PROGRAMS

Review of the above study revealed an error in the drill hole evaluation calculations necessitating revision of Figures 1 and 2. The overall development drilling recommendations for 1972 will remain substantially unchanged by this revision, but detailed use of the figures is not warranted. Revised calculations and figures will be circulated upon completion.
