To D. S. Jennings Date July 15, 1975

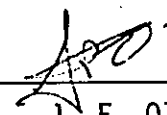

From J. F. 01k

Subject Exploration/Engineering Drilling Program

With reference to your memorandum of July 2, 1975, on the above subject, it has been agreed that the cost of about 2000' of diamond drilling in the joint program will be borne by the Engineering Dept. This footage is contained within DDH's 456-75-13, 75-10, and 75-11, as indicated in your memo.

With regard to DDH 456-75-12, no provision has been made for this cost in the revised Engineering Dept. budget as submitted for the 2nd quarter profit plan review. As a result, we cannot consider mine funding of any part of this hole.
