Dear Jim:

I have your letter of May 17 accompanied by Map WB-808 showing the dam site on Rose Creek and the amount of flooding that will take place on PRM ground.

This map also shows two proposed drill sites for holes to be drilled to a depth of 1000 feet each.

No. 1 site is approved; however, I believe that No. 2 site should be moved about 200 feet west in order to step a little farther across the zone in a cross-cutting direction.

With kind regards,

Yours sincerely

E. N. Pennebaker
