Mr. E. N. Pennebaker
P. O. Box 817
Scottsdale, Arizona 85252

Dear Penney:

As a followup to our telephone conversation of day before yesterday, attached is a copy of Anvil drawing WB-808 showing the surface lease and mineral claims at the proposed impounding dam area.

The dam site and impoundment area at elevation 3710 has been traced onto this map from the design engineer's plan. The area of the flooding on the Pelly River Mines claims is shown outlined in red. Also shown are two proposed drill sites. The drilling on site No. 1 will be underway by the time you receive this. However, I would like your comments on drill site No. 2 as soon as possible since we will arrange for a second drill rig to set up on this site as soon as available.

Yours very truly,

J. F. Olk
Assistant General Manager
