Dear Murray:

Ray Saunders and I plan to arrive in Whitehorse next Wednesday evening, November 8th. If suitable to you we would hope to go to Faro Thursday morning; principally from my standpoint to look at all available exploration core. Should Thursday not be practical to you then we would head for either Mt. Nansen or Arctic on Thursday morning. Arctic will only take a day, so if you'd rather we could go there Thursday and to Faro on Friday. Fully appreciating the unpredictability of the weather at this time of the year, I'll leave the Faro scheduling in the laps of you and the Gods.

Best regards,

R.S. Adamson, P.Eng.
