Mr. R.S. Adamson
Dolmage, Campbell & Associates
808 Bank of Canada Building
Vancouver 1
British Columbia

Dear Bob:

Mr. Thurmond had layed on a trip for Mr. Pennebaker to arrive a couple of days after my return so he has been here and leaves today. Penney will be coming back, tentatively, the first week in December for a meeting to review the 1967 work and plan the 1968 program. We would like you to be here at that time.

In that Mr. Pennebaker will not be here in early November, as previously planned, you can fit a Faro visit into your Arctic and Nanson plans as best suits you. I see no objection to Mr. Saunders accompanying you to Faro.

I'll send along under separate cover, the sections that Dave Mayes completed.

Best regards,

A.O. Hampton
Chief of Exploration
