Mr. M. O. Hampton,
Anvil Mining Corp. Ltd.,
Box 2470,
Whitehorse, Y. T.

Dear Murray:

I will be making a trip to Arctic and Mt. Nansen in the early part of November and would like to dovetail it with a visit to Faro. Could you give me a firm date when you expect Mr. Pennybaker so that I might arrange my Arctic and Mt. Nansen visits around that time?

I will have one of our engineers, Ray Saunders, with me on that trip. Would it be possible for him to accompany me to Faro for a visit?

Dave Mayes advised me that he mailed that section I requested some time ago; but I never received it. He felt it was held up in the Whitehorse office somewhere. If it's handy will you mail it? If not, I'd like to see it when I get there.

Best regards,

R.S. Adamson
