

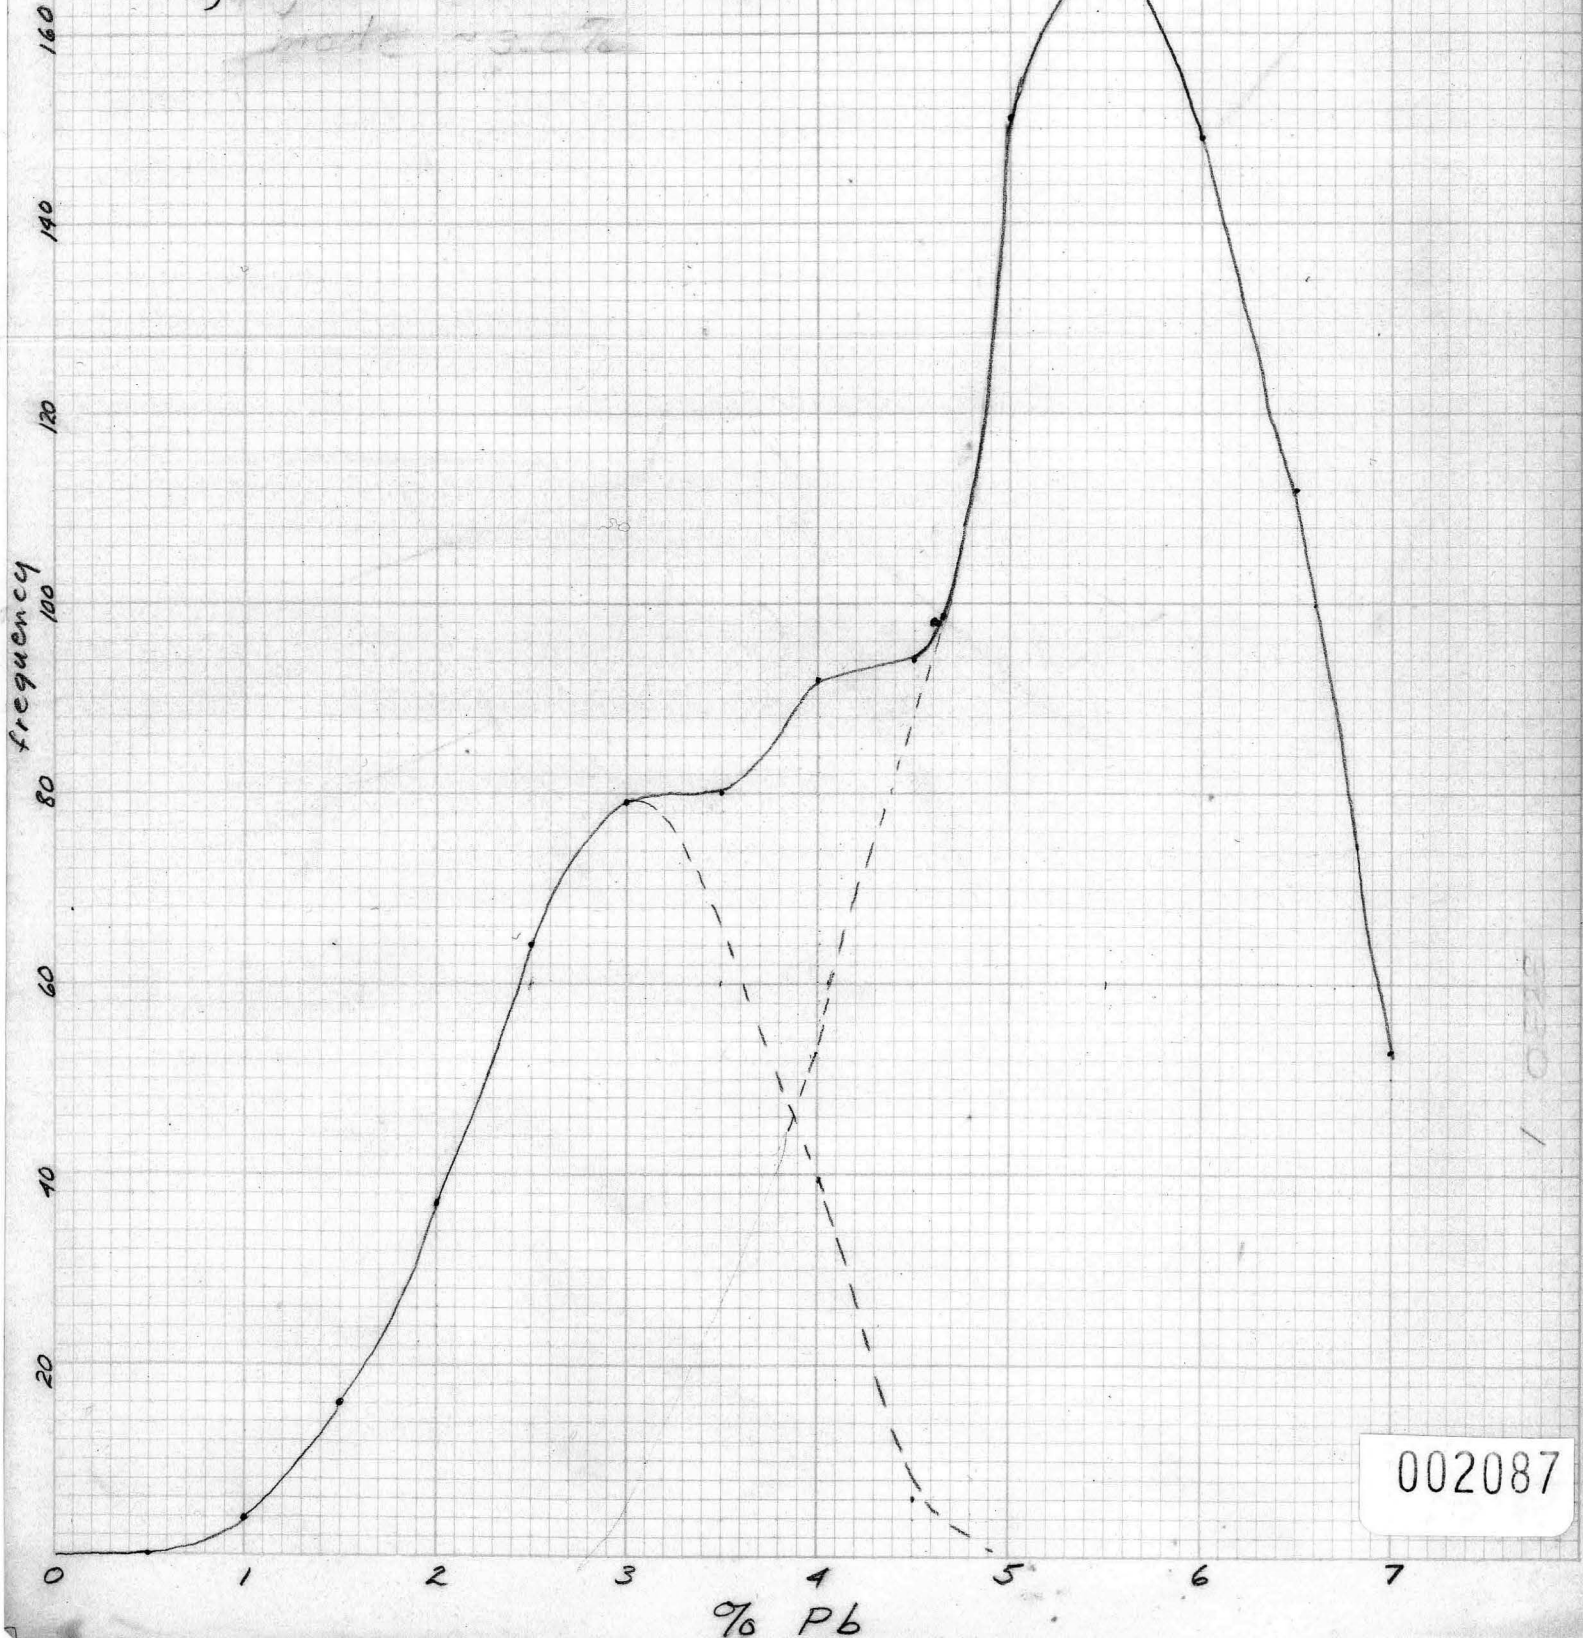

Figure 1

3830 Pb Blasthole  
assay frequency  
plot.

- can be considered as the sum  
of 2 population (ie. Pb is zonally  
distributed)

- 1) normal dist. with  $\bar{x} = 5.5\%$  Pb
- + 2) normal dist. with  $\bar{x} = 3.0\%$  Pb
