Subject

FIRST QUARTER REVIEW, 1978

Attached is a copy of the First Quarter Review for 1978. Grades are given by month for the second quarter of 1978, and by quarter for the remainder, including the first quarter of 1979.

The following parameters were used for grade calculations:

- 1) Milling rate of 10,230 SDT/Day
- 2) Reduction of mill throughput in June by 20,000 SDT
- 3) 1977 Tonnage and Grade Model
- 4) March 1, 1978 Mining Schedule
- 5) February 28, 1978 Pit Status
- 6) 3.50 SDT/BCY
- 7) 4.5% combined cut-off for 1978
4.0% combined cut-off for 1979
