Dear John:

**RE: VANGORDA PLATEAU**

I have received your report but have not had a chance to carefully peruse it yet. Your maps are still in the process of being drafted. Hopefully we will manage to get it all together shortly. Thank you for your activities this last season.

I would appreciate receiving a copy of your report on diskette. To that end I have enclosed a high density diskette with this letter.

I will keep your resume on file pending evaluation of our exploration requirements and budget situation for next year. I am not sure whether I will be able to get to Vancouver for the Round-Up. Activities are quite hectic here right now with Cam working on the Vangorda Deposit and myself working on Grum

Yours very truly,
