Do you know anything about the prospect mentioned in the attached letter?

I remember that in the summer of 1957, Gene Simard, an erstwhile young man whom prospected occasionally but whose main occupation at that time was driving a truck for the army in the Yukon, told me that he was involved in a silver-lead prospect in the Boswell River area. I remember he admitted it was difficult to get to, not being very near any float-plane landing spot. Simard didn't know too much about what it takes to make a mine, so I didn't take any real interest in his prospect.

You may know of Simard and of his prospect. It wouldn't surprise me if it were the same one that Wyatt is involved with.

I think you should find out what you can about Wyatt's one. As he suggests, Lew Green or the mining inspector may know something about it.

Please let me know what you find out or already know, and your impressions and any thoughts you may have about it.

HI PAUL:

HOW ARE YOU AND THE FAMILY DOING: HOPE YOU ARE ALL WELL.

I HAVE A SMALL INTEREST IN 21 CLAIMS OF SILVER-LEAD PROPERTY IN THE QUIET LAKE AREA (CANOL ROAD). THE PROPERTY IS ON THE BOSWELL RIVER AT THE JUNCTION OF THE FOLLIS RIVER. I UNDERSTAND THERE ARE OR WERE 7 SHOWINGS SCATTERED OVER THE AREA. POSSIBLY THE MAN THAT STAKED THE PROPERTY (JOHN MOHEGAN) AND A PARTNER ~~ARE~~ HAVE FOUND OR UNCOVERED MORE OUTCROPS BY NOW. I UNDERSTAND THE GRAB SAMPLES BROUGHT OUT LAST YEAR ASSAYED FROM \$60.00 TO \$240.00. IF YOU HAVE A REPRESENTATIVE IN THIS AREA I THOUGHT MABE YOU WOULD BE INTERESTED IN LOOKING THE PROPERTY OVER. I HAVE NEVER SEEN THE PROPERTY SO CANNOT TELL YOU ANY MORE ABOUT IT. I BELIEVE THE RESIDENT GEOLOGIST AT WHITEHORSE COULD TELL YOU MORE ABOUT IT, ALSO THE MINING INSPECTOR.

YOU MAY NOT REMEMBER ME, BUT I AM THE FELLOW THAT PUT THAT NEW BOTTOM ON THE DAWSON FERRY ABOUT 5 YEARS AGO. JUST THOUGHT I'D MENTION THAT SO THAT YOU WOULD KNOW WHO WAS WRITING THIS.

YOURS TRULY
