D.A. LOWRIE MEMO RE CHEVRON

ENQUIRY, NEBULOUS CLAIMS,

TOMBSTONE AREA, YT

NOVEMBER 1979

005689

KERR ADDISON MINES LIMITED

(FOR INTER-OFFICE USE ONLY)

To. Dr. G. E. Cooper

From. D. A. Lowrie

Subject. Chevron--Kerr Addison joint venture,
Nebulous Claims,
Tombstone Area, Y.T.

Date. November 26, 1979

Helmut Wober of Chevron has informed me that Mattagami Lake Mines (or whatever) has approached Chevron with the purpose of negotiating a joint venture Agreement to cover the Nebulous Claims. Mattagami now holds the adjoining claims to the Nebulous Claims, which were originally staked by Noranda exploration in 1978 and restaked by Mattagami in 1978.

Wober feels that Kerr Addison should be better able to inform Chevron of the activities and motivations of Noranda Group exploration units which may or may not be acting in concert for purposes unknown to Chevron.
