MEMORANDUM

TORONTO September 21st, 1956

TO: DIRECTORS, TRIANA EXPLORATION LIMITED

FROM: MR. G. M. RADISICS

SUBJECT: ASBESTOS CORPORATION LIMITED - COPPER DISCOVERY,
HART RIVER AREA, Y.T.

The Asbestos Corporation has what appears to be a new and excellent grade copper discovery located in the Hart River Area of the Yukon. Grade disclosed by preliminary work appears excellent with values up to 15% in copper over considerable widths.

[Handwritten signature]

Seamly advised asbestos Corp examined this seam but reported it unfavorable. Charles Coleman promised me he would ask Bill Oysted of Asbestos Corp. regarding the find this week on a visit there.

MEMORANDUM

TORONTO October 15th, 1956

TO: DIRECTORS, TRIANA EXPLORATION LIMITED
FROM: MR. G. M. RADISICS
SUBJECT: HART RIVER AREA, YUKON TERRITORY

Vertical stamp with checkmarks and illegible text, possibly a routing slip.

The new discovery in the Hart River area, which I reported as being under option to the Asbestos Corporation has been abandoned by that Company after making two payments of \$7,500 each. Reason for abandonment, as given to myself, was that the head office of Asbestos Corporation did not wish to get involved in a far away copper proposition. As I understand, substantial high-grade and new discoveries have been made on this property and it may be worth Prospectors Airways' while to look into this situation.

The above information is not quite correct. Asbestos Corp. men paid \$2000 and spent two weeks on the ground with a full crew. They also examined the surrounding area. The original find was made many years ago I believe by Rae & Hoffman old timers in that area. R. McComay a young prospector turned up a float showing nearby. Asbestos Corp. work showed the

I was advised by Asbestos Corp.
engineer Paul Cavanaugh who did the
work. it was not worth our while

The new discovery in the Hart River area, which I reported as
to pursue the matter further. He
that Company after making two payments of \$1,500 each. Reason for this
doment, as well as itself, was that the case of Asbestos Corporation
did not wish to get involved in a far away copper proposition. A number
stand, substantial high-grade and new discoveries have been made in this
property and it may be worth prospectors Always, while to look into this
situation.
