Subject..... BLIND CREEK, Y.T. - AIR PHOTO MOSAIC. Date..... November 12th, 1963

Re. ~~Blind~~ Elsee Survey, Yukon

We have made prints of the above mosaic and shown the position of the aeromagnetic flight lines as they were actually flown. We were unable to show these lines in their precise position on the previous map which we sent you, largely because the topographic features on the claim map which we used as a base did not correlate well with the air photos. The air photo mosaic, on the scale of 1" = 2,000', will serve as an excellent base for any mapping we elect to do in conjunction with the examination of the anomalies.

 William M. Sirola.
