Dear Charlie:

White River Claims

According to my information renewal certificates for work performed on 36 claims in the White River group are due before September 2nd., 1955. I would recommend that the claims be renewed for an additinnal 1 year period by the payment of the $5.00 per claim and filing a renewal certificate. The reason for retaining these claims is that Campbell will obtain additional information this year relating to the structural conditions at HBMS and our own ground at Quill that may have some bearing on the potential of this area. Conditions at White River and Quill are very similar and it would appear that HBMS have some sort of a mine in the making at their Quill property.

Please advise me if Mr.Ehrlick will issue the renewal application from your end or if you wish me to attend to it at this end.

Jonathon and Dak

It is noted that work is due on the Jonathon option claims within 14 days after September 2nd. I plan to have Campbell on the ground by Sept. 2nd to make an appraisal. He will advise me if the claims are worth retaining before the work is due and if he considers the ground worth keeping will drill some short holes with the Packsak to protect the group. An inspection of the adjoining properties on which some work has been done should tell the story. I doubt if we could obtain enough information to warrant the payment of $8,000 by Sept. 20th. but if the ground looks important I could try for an extension. We are not obligated under the terms of the option to keep the ground in good standing.

The same remarks apply to the Dak group which falls due for work on Oct.4th.

Rex Asbestos

I note that work is due on the Rex Asbestos ground by Sept. 27th. No doubt Asbestos Corp will file work on this ground before this date. I gather their results there were not so hot and they may drop the ground but I have no further information. If the claims are put in good standing for another year by virtue of the work Asbestos Corp has done it may be advisable to hold on to them until we find out what Bell Asbestos are doing on their ground.

Please advise me of any information you may obtain from Bill Outred regarding the Rex claims, and if they intend to file the work on them. I presume this is covered in your option which I have not seen.

Yours very truly,

E.O. Chisholm

INSTRUCTIONS FOR USE OF THIS FORM

Form to be completed in triplicate by originator. Two copies — No. 1 and No. 2 — to be forwarded to addressee. Copy No. 3 to be retained in originator's file until reply received. Addressee to complete reply in duplicate on reverse side of sheets 1 and 2 and return No. 1 to originator. In following this procedure both parties have the complete message and reply on one sheet of paper.
