O

Dear Michael:

Thank you very much for your letter of April 14th, although I regret to tell you that I do not have any information at all concerning your barite property, and that I don't consider that we would be interested in it.

P

I am happy to know that you have my present address, and I hope that you will use it whenever you find your next mine.

Best of luck,

Y

Yours sincerely,

Dear Paul:

I wonder if you still remember the two guys who you met in the Yukon five years ago and who asked if you would help them with regards to a barite discovery? Well, that's us, and I am writing to ask you both a favour and some advice.

When we returned from that trip, we tried to peddle that claim. We went to see every mining outfit in Vancouver and also wrote to others. A week ago, we received a letter from the Baroid Division of Texas, who state that they might be interested in that property and they would like further information

They are sending an engineer up to the Yukon this summer and we were wondering if you still have a copy of the report you wrote for the Asbestos Corporation, Paul, and if so, could you please let us have a copy of it.

As these people seem to be interested, perhaps Kerr Addison might like to look into this prospect, too. Seeing that you were so straight with us, Paul, we wish to let you have first option. We also know that we would get a fair deal and that you would not try to by-pass us.

Yours very sincerely,

Michael A. Halsall.

Michael A. Halsall.
