Dr. Aho has given me a copy of his Report on the Pelly Mineral Syndicate. This Report covers the situation quite adequately and may help you to decide whether or not you wish to participate in work on these properties as well as on the Silver Titan.

The rather impressive gold values on the Cone property are quite intriguing and I would be inclined to recommend participation.

Will you please copy the document I have sent and return it to me in order that I, in turn, may return it to Dr. Aho.

William M. Sirola.
