Mr. John Thomas,
Mayo, Y.T.

Dear John:

Enclosed are assay results from samples submitted by George Van Bibber from the Bob Group in the Bonnet Plume Area, and yourself from McClusky Pass.

The assays do not appear to be of economic significance and we are therefore not interested in making any immediate decision for a property examination. However, if you have not made any other deal by June or July, please contact me at the Atlas Explorations Whitehorse Office so that we may further discuss a possible examination at that time.

Yours truly,
