DEAR AARO,

JTB

ARCHER-CATHRO ARE GOING TO PUT
AN OEX CREW IN THE QUARIZ LAKE -
TOOBAZY LAKES REGION OF THE COAL
RIVER SHEET. THEY WILL START DURING
THE 1971 FIELD SEASON.

I THINK PART OF OUR EXPLORATION
NEXT YEAR SHOULD INCLUDE DETAILED
EXPLORATION OF SELECTED AREAS IN THIS REGION.
WE ALREADY HAVE DATA FROM 'FRANCES'
RIVER SANDHILL FILES THAT WOULD PROVIDE
A FRAMEWORK FOR SUCH A PROGRAM.

AS YOU KNOW HUGO BRODEZL
SPENT 13 YEARS IN THIS AREA AND KNOWS
OF 11 GOSSAN AREAS. WE WILL PLAN TO
USE HUGO AND TIM LOARS FOR A 2 DAY
CHOPPER-HOP OF THESE AREAS IN ORDER
TO SOIL SAMPLE THEM USING THE 'STAR'
METHOD. THIS WILL GIVE US A SURE
'EDGE' ON THE COMPETITION FOR NEXT YEAR.

IF YOU HAVE ANY FURTHER INFORMATION
TO PROVIDE WITH YOU PLEASE LET ME KNOW.

MR. THE BEST,

JTB.
