505 Burrard St.,
Vancouver 1, B.C.

Dear Al;

Re: Hess Mountain Project

Enclosed is a copy of your report submitted January 5th, 1968.

I don't think Cyprus will be interested in participating in this project at the present time.

Cyprus desires to contract with you approximately one week's work during the period July 22 - August 1. The work will involve stream sediment and heavy mineral sampling in an area of Northern Yukon. I assume you will need a crew of at least 6 to 8 men and a helicopter. Air photo mosaics will be supplied by Cyprus.

Please advise your contractual agreement arrangements in this matter.

Very truly yours,

Donald W. Tully,
Manager of Exploration - Canada

Mr. D. Tully,
Cyprus Exploration Corp. Ltd.,
510 West Hastings,
Vancouver, B.C.

Dear Mr. Tully:

Find enclosed a copy of our proposed Hess Mountain Project that we are attempting to finance. Copies of this report have also been submitted to Mr. W. Brown, Phelps Dodge Corp. and Mr. A. Coope, Newmont Mining Corp.

The report is written in a general way for your immediate consideration. Should your company in association with the above mentioned companies decide to finance the project, the exact exploration details can be finalized in a group discussion. I expect to be out of town until February 1 and again from February 15 to March 1. I would appreciate receiving your decision on or before February 1 so the final details can be decided during the two week period in early February.

Yours truly,

Alan R. Archer
Alan R. Archer.

P.S. I should mention again that no company has committed to participation as yet. *A*

A.R.A:M.
