Anvil Mining Corporation Ltd.,
P.O. Box 1000,
Faro,
Yukon Territory.

Attention: Mr. R.L. Haffner,
General Manager

Dear Bob:

I enjoyed very much meeting you and Emily last week at the Stutesman's and going over some mining history.

You mentioned the possibility that Anvil could be interested in working again on the Lee Group, owned by Flagstone Mines Ltd., so I am enclosing a print of the claim-locations and expiry dates.

You also might want to look into the Lucky Lake zinc) prospect that Cyprus optioned a few years ago. They drilled one of the showings but there are several gossans containing galena that were not tested.

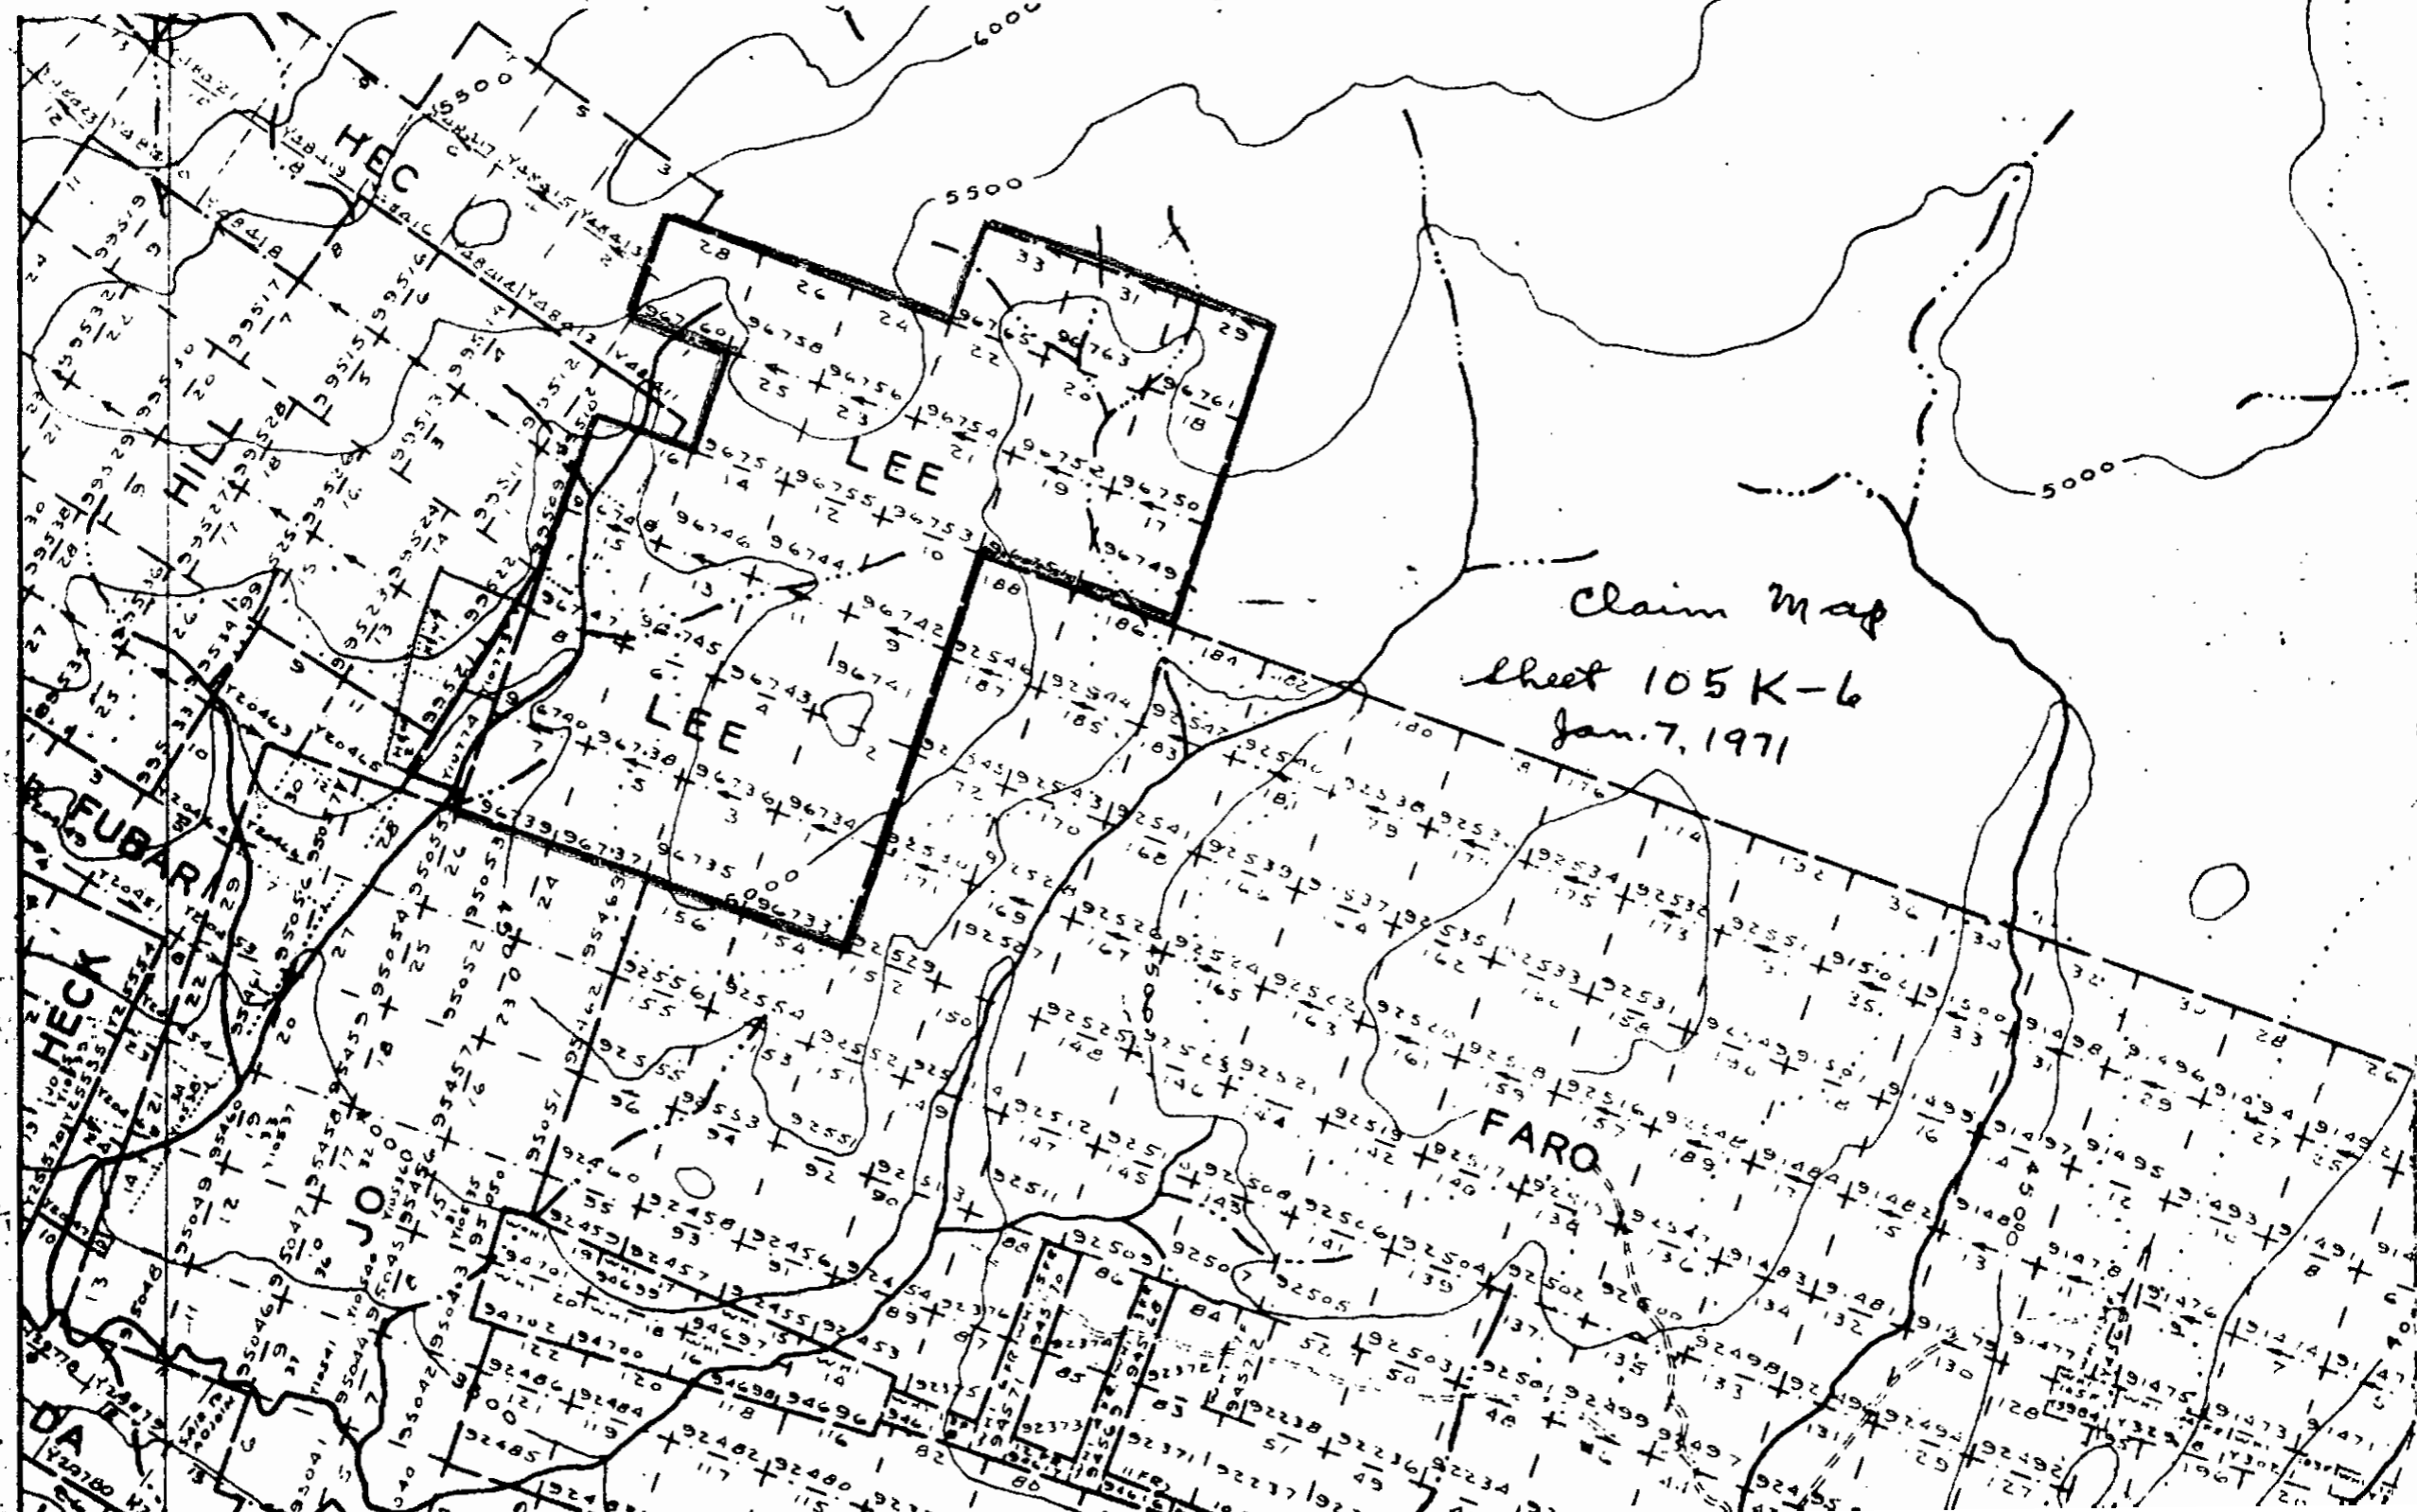

Best personal regards.

Yours very truly,

FLAGSTONE MINES LTD. (N.P.L.)

B.I. Nesbitt,
President
