Kluane trip.

July 11<sup>th</sup> left Whitehorse  
Lunch + Supper enroute to  
Silver City. - Stayed at  
Owen Hugh's camp  
overnight as was delayed  
by washout at Silver Creek.

July 12<sup>th</sup> Breakfast at  
Hugh camp.

Lunch at White R.  
Supper at Burwash.

Kluane R. in flood  
& doesn't look good for  
boat trip. Very muddy  
& can't tell how deep.  
Should wait till to-  
morrow. Tried to

get up Quill creek  
but road washed  
out there. Centennial  
Clubmen + truck load  
of gear stranded at  
flats below washout.

Stayed at Burwash on  
Thursday night. (\$7.00).

July 13<sup>th</sup>

Breakfast at Burwash  
(\$3.20). ~~Q~~ Tried to get  
down Kluane R. from  
Mt Kennedy Lodge at  
Mile 1118. Made  
it about  $\frac{1}{2}$  way to  
Tintup L. & broke shear.

Boat to Pin  
Spence, at 174°

pin. River looking  
& very bad & had  
planned on 2 trips  
today & didn't have  
all gear so turned  
back at about noon.  
(Whitewater). Arrived  
at Kennedy Lodge  
after abandoning  
boat on R. bank about  
1 M down from Lodge  
at 10:30. Had several  
close calls. Never go  
down Kuane R. by

boat. Our motor  
was too small  $7\frac{1}{2}$  HP  
& we broke about 6  
shear pins. River was  
very muddy & couldn't  
see through  $\frac{1}{4}$ " of  
water.

Had late supper at  
Kennedy Lodge (\$6.60)  
and rented cabin  
(\$15).

July 19th (Fri)

Breakfast at Kennedy  
Mt. Lodge (\$4.35).  
Took Jeep to Donyek R  
Stave to find shear  
pin but none. Got

Boat & gear all  
back up to jeep &  
drive to Hudson  
Bay mine to see  
Wally Green - not there.

Went to Neesmont  
& found Mountain  
Climber camp in  
their Rd with car  
stuck in mud,  
~~then~~ hauled out.  
Wally Green out at  
Neesmont either.

Went to Burwash  
for supper \$ 3.90

Took another sample.

Vein or patches of  
coarse calcite

this is a zone 15'
