Chlor. Mphlke
 Sericite Mphlke
 Graphitic

Sericitic graphites
 still better to dry

Gray

Treat grey - as sericitic ph
 dark grey as graphitic ph.

Sept 13/74.

Peter -

These are the Kerr. AEX drill logs up to A-30 (there will be a few missing, but Bill Sible will be getting copies eventually).

Please plot geology on our ^{future} 50 scale sections at your convenience. The same division (or legend) used on the 76W section can be used on these.
