

Robert Grant

May 13, 1987

1. TAC meeting: Andy Robertson wants to postpone the meeting until June 5. This gives us time to switch to construction alternatives if the bids for the concrete chamber come in too high.

2. Five sets of bid documents and specification were sent on today's plane. (May 13). These are standard documents and require only an attachment letter giving the closing date. (Closing date of May 21). Potential contractors are:

1) Pelly Construction (C.F.)	Keith Byram	667-6161
2) Turner Development	Larry Turner	667-6156
3) Continental Crane	Mike Johnson	668-7679

3. Price breakdown

Item	Budget	Pelly	Turner	Continental
Excavation/dyking	22,400	28,000	80,000	
[Concrete]		(105,000)	(150,000)	} (280,000)
Form		(80,000)	(240,000)	
Rebar				
Total Concrete in place	135,000	* 185,000	390,000	280,000
In place Concrete/m ³ 350 m ³	(400)	(538)	(1156)	(830)
Roof	41,250	* 25,000	-	
Thermal barrier	3,600	6,900	-	
Sand	2,500	9,600	-	
Lower & Lintel	48,000	30,000	-	
I-BEAMS	-	6,000	7,500	
Other	26,850	9,600	122,500	110,000
Total	279,600	230,000-300,000	550,000-600,000	390,000 MAX
Contingency	31,250			
Maximum	310,850			

* Pelly gave range for total concrete in place and roof as
 140,000 - 7,000,000 9'11" - 1 1/2' 1 1/2' 1 1/2' 1 1/2' 1 1/2' 1 1/2' 1 1/2' 1 1/2' 1 1/2'
