Roger we normally charge \$460/day and I don't expect Henry would be in the mood to give the government a better deal. Unfortunately this will cut into the 7 billion dollar shot in the arm our medical system requires, but hey its just money. I'll call Monique tomorrow to get things figured out.

Roger I should be able to Fax it back Friday, I am without a fax today but will be connected tomorrow, sorry about the delay

Just tried to call you but you 'were away from the phone' so I left a message about the agreement. Wondering if you got it (the fax) and if it is okay? Give us a shout if you have any questions or concerns. If it is okay with you just sign the signature page and fax it back up and we will start making arrangements. You will need to call Monique 867-667-8508 with your contract particulars. Looks like you won't have to bring your parka up as our warm weather is supposed to stay for 'weeks' yet.

Roger
