Operators

Name	From (Date)	To (Date)	Comment
Keith Dye	1998/01/01	2000/12/31	

Owners

Name	From (Date)	To (Date)	Comment
Keith Dye	1998/01/01	2000/12/31	
Keith Dye	1998/01/01	2003/12/31	

General Location

This exploratory program was located in the South McQuesten Placer Area on the McQuesten River near its confluence with Stewart River.

Location Details

Date:	Latitude Deg : Min : Sec	Longitude Deg : Min : Sec	Elevation (feet)	Distance from Mouth (feet)
2003/01/01	63 33 29	137 27 26		
1998/01/01	63 33 0	137 25 0		

Water Licence(s)

Number	Comments
PM94-104	

Work History

This was a small-scale exploratory program to prove placer gold values on the McQuesten River. No mining activity took place in the last years of the licence due to the lack of an access agreement with the local First Nations. Final cleanup was accomplished by the end of the 2003 season.

Equipment

Materials were washed through a trommel wash plant.

Environmental Work

Year	Reclamation Work
2003	Final reclamation was completed.

Landforms

Landform	Comments
Alluvial Valley
